

FATHER'S DAY

Father's Day is an important way we celebrate fathers and people who love us like fathers do. Jesus had a real relationship with His heavenly Father. The Father had special words for Jesus and we can embrace those words for ourselves as children of God. It's important for us to honor our earthly fathers and trust the love of our perfect heavenly Father.

MEMORY VERSE

How great is the love the Father has lavished on us, that we should be called children of God! And that is what we are!
1 John 3:1 (NIV)
