DAVID

THE TRACKER AFTER GOD'S OWN HEART

King David loved God and faithfully focused on the things of God from his childhood, which is why he was honored with leading Israel as king. But David sinned greatly when he had a man killed in order to take his wife. He later repented when confronted by God's prophet. While our sin might not be as extreme as David's, we still need to correct our ways through confession and repentance. God will always forgive us and guide us into greater faithfulness when we ask Him.
